

Integrated Impact Assessment Form (IIA) June 2012

This form replaces the previous Equality Impact Assessment form used by LBC.
The key aim of an impact assessment is to ensure that all Council policies, plans and strategies support the corporate mission statement that

'The needs of Luton's people will be first in everything we do'.

The aim of this impact assessment process is to:

- Embed Social Justice principles and practice into the Council's decision making process
- Ensure adherence to the Equality Act 2010 and associated Public Sector Duty
- Minimise duplication of initial impact assessments with regards to Environment and Health
- Ensure Officers have access to the necessary specialist support with regards to all of the above

The table on the first page of this form will enable you to make early consideration of the potential impacts of your proposal with regards to individuals, areas, cohesion, inclusion, the environment and health. You will need to review the impact table once you have completed your assessment to ensure that all impacts are clearly highlighted in the final document.

Once you have completed the table the form will guide you to explain your judgements and then, as appropriate, identify in the action plan how you will be able to enhance and maintain any positive, and mitigate any negative, impacts of your proposal in line with the council's mission and values.

This form will also help you to identify if you need further specialist advice or whether a more detailed Environmental or Health Impact Assessment may be required.

For your convenience, please see links to key Corporate and Partnership documents that may help you as you complete this IIA.

A question was posted with the Association of Public Service Excellence Cemeteries and Crematorium discussion group and sixteen burial authorities responded which are summarised below;

Nine authorities had not received any similar requests but if asked to do so five would anticipate making a charge. Seven authorities provide dedicated facilities for Islamic material. Of the seven requested to bury Islamic / Jewish material, two provided the service free of charge with the remaining five making a charge

APPENDIX B

of the normal burial fee which at Luton is £560. Three authorities have accommodated requests from the Jewish faith for which the burial fee was used.

1.2 Have you carried out any specific consultation with people likely to be affected by the proposal? (if yes, please insert details, links to documents as appropriate).

Guidance Notes: If no, please explain why this has not been done - you may wish to speak to the Consultation Team first as a lack of sufficient consultation could render this IIA invalid and place the Council at risk of Judicial Review.

All representatives of religious faiths that use the Vale cemetery have been contacted.

Through contact with the Ecumenical Deans in August 2012 asking them for their views on the draft recommendations of the report. This group represents the following faith;
Anglican, Methodist, Roman Catholic & Baptist members

**By positive impact we mean, is there likely to be a noticeable improvement experienced by people sharing a characteristic?*

2.2 Where you have identified a **negative*** impact please explain the nature of this impact.

Guidance Notes:

Please use this box to explain why you feel the proposal may be negative and outline what the consequences will be against each group identified. You will need to identify whether mitigation is available, what it is and how it could be implemented. Specific actions to be detailed in action plan below.

**By negative impact we mean is there likely to be a noticeable detrimental effect on people sharing a characteristic?*

If you can identify no mitigation with regards to negative impacts on one or more of the protected groups you must contact the Social Justice Unit – Click the email link box above.

2.3 Where you have identified a **neutral*** impact for any group, please explain why you have made this judgement.

Guidance Notes:

You need to be confident that you have provided a sufficient explanation to justify this judgement.

**By neutral impact we mean that there will be no noticeable impact on people sharing a characteristic*

There is neutral effect, as this service has been provided for the past 15 years which I anticipate will be continued in future

A charge is recommended for introduction due to the severity of the Councils financial situation and the full cost of providing the service must be recovered

The charge relates to providing the land in which a hole large equivalent to two burials is prepared, supervision for a day of receiving the material and then for re-filling at completion.

The process is the same as for burials therefore the same charge is recommended for adoption by Members

4. Impacts on Poverty & Inclusion

If you have identified an impact on tackling poverty/promoting social inclusion, please describe here what you believe this would be and who you believe would be affected.

Guidance Notes:

By poverty and inclusion we mean - is the proposal likely to have a noticeable effect on households that are vulnerable to exclusion, e.g. due to poverty, low income and/or in areas of high deprivation.

You need to consider here actions to enhance and maintain positive impacts or mitigate negative impacts.

Specific actions to be detailed in action plan below

A charge is recommended for introduction due to the severity of the Council's financial situation and the full cost of providing the service must be recovered. The process is the same as for burials therefore the same charge is recommended for adoption by Members

However the introduction of a charge may have a negative impact on those who previously utilised the service when it was free.

Mitigation takes the form of providing a large facility equivalent to two graves so as many as possible families can utilise the facility as possible reducing any future cost to any one family to a minimum.
