Re Licensing Act for Variation of Premises Licence

Johal's, 130 Bishopscote Road, Luton LU3 1PE

I wish to express my serious concerns about the application to extend the hours that alcohol can be sold on the above premises on the basis of there being an increase in public nuisance and crime and disorder People will congregate for longer outside the store

People already cause a disturbance on their way back and forth from the store late at night, with the noise they make and also damage cars on the road I feel that these occurrences are related to alcohol and I think that extending the opening hours will mean there will be more incidents of this nature and more late night disturbances in the neighbourhood

Yours sincerely

Mrs M Young
