PURPOSE

1. The purpose of this report is to advise and remind Members about the revised scrutiny process approved by the Scrutiny Board and to provide a checklist for the first stage of that process.

RECOMMENDATION(S)

2. **The Performance, Resources and Assets Scrutiny Committee is recommended to use the checklist appended to undertake the first stage of the scrutiny of the first topic in this year's work programme.**

BACKGROUND

3. The Scrutiny Board at their meeting on 20th December 2001, reviewed the experience of operating scrutiny up to that time and had before them the advice of the Improvement and Development Agency peer review team. As a result the Board advised the scrutiny committees to adopt a different approach to scrutiny involving the selection of relatively few (three or four) major topics and to carry out a much more structured and 'in depth' scrutiny. In the last cycle of meetings the scrutiny committees considered their work

programmes for the current municipal year in the light of the advice of the Board and selected and prioritised topics for their work programmes. The Board at their meeting on 30th May approved the work programmes as submitted.

REPORT

4. The five stage process recommended by the Board was set out in my report to the previous meeting of the Committee and is attached. The main purpose of this meeting is to begin with stage one of the process in relation to the first topic chosen by the Committee. To help with this a checklist of questions is appended which the committee may wish to use. Members are reminded that this Committee's first scrutiny topic is Asset Management.

PROPOSAL/OPTION

5. The Committee is asked to have regard to the five stage approach recommended by the Board and particularly the detailed steps set out under stage one.
