

## What Services would be included in the Partnership Trust?

Broadly services recommended to be included are:

### Child and Adolescent Mental Health Services

	Provider
• Outpatient Service – Core CAMHS Provision	NHS
• Community Outreach Service	NHS
• Multi Professional Team – Bedfordshire	SS/NHS/ED
• Looked After Children Team – Bedfordshire	SS/NHS/ED
• SCRIPT Team – Luton	NHS/SS/ED
• On Track Project – Luton	NHS/SS/ED/Vol
• Young Persons Service	NHS
• Youth Offending Team Liaison Service	NHS/YOT

CAMH services currently provided by BLCT would move into the Partnership Trust. However, it is likely that there will be some changes to these services once the outcome of the Trailblazer sites for Children's Trusts is known and the local strategy is developed within Bedfordshire and Luton.

### Working Age Mental Health Services

#### Acute services

• Inpatient services	NHS
• Outpatient Services	NHS
• Day services	NHS
• A&E Liaison psychiatry	NHS
• Integrated Community Mental Health Teams	SS/NHS

- |                                      |        |
|--------------------------------------|--------|
| • Outreach day intervention services | NHS/SS |
|--------------------------------------|--------|

Initial suggestions are that all current SPLD provided by BLCT move into the Partnership Trust. Further discussion and consultation will then be necessary in order to comply with initiatives such as 'Valuing People' where the emphasis is based on patient centred planning, supported living and the provision of specialist healthcare.

BLCT is working closely with the National Development Team to strengthen the existing strategy for specialist services, to ensure that national policy is reflected and that services provided are compatible with the needs of users and carers
